

AB Dental Company Profile

Established in 2000, with top-of-the-line technology and extensive industry experience, we provide optimal solutions for all situations, in accordance with your patient's exact needs, including custom individual implants using laser-sintering technology.

AB Dental established an advanced training center built to the highest standards to provide education and training on its products and all aspects of dental implantology.

AB Dental adheres to the highest international standards and has obtained approvals from regulatory agencies in multiple countries: MDSAP, FDA (USA), CE (Europe), Russia Federation, AMAR (Israel), Chinese FDA, India FDA, Taiwan FDA, Australian TGA, Ukraine and more.

With a mission to lead the market with the next generation of smart dental technology and solutions, we provide more than just services – we hold ourselves to higher standards of care.
